RE: Support for AB 1254 (Kamlager-Dove)

Dear Senator [Last Name]:

As your constituent, I am writing to respectfully urge your support for AB 1254, which would create a moratorium on the trophy hunting of California's bobcats.

California's bobcats are iconic throughout the state's native landscapes and are a keystone species that support the health of the habitats they occupy. Sadly, the amount and quality of their habitats are decreasing each year due to human development and the recent droughts and subsequent wildfires. Given these threats, the last thing these bobcats need is to be killed for nothing more than to become a trophy.

This legislation is crucial for promoting animal welfare in California. California is a leader in safeguarding the rights and welfare of animals. I kindly ask that you support AB 1254 to ban the trophy hunting of bobcats.

Kindest regards,
[Your Name and Contact Info]
